

## **Our Warranty, Your Satisfaction.**

Since 2001, GRB Bearings, a 100% Canadian family owned company, has been a successful bearing supplier to distributors and OEMs across Canada. Our bearings are mainly imported from carefully selected manufacturers in China, and are made according to the international "ISO" quality control system, and under the minimum "ABEC 1" precision standard. Our confidence in our product is such, that we offer the best warranty in the industry.

If you are not totally satisfied with the quality of the bearings imported and manufactured under license for GRB, we will take them back (some conditions apply).

We are making it our duty to offer quality products to our customers; however, if an item happens to be defective, we will replace the product under the following conditions:

- The warranty is limited to the replacement or, at our discretion, the emission of a credit note.  
No other claims such as labour, loss or damage will be accepted and/or reimbursed
- The warranty is limited to 90 days from date of invoice
- Abusive usage, improper installation and/or inadequate maintenance render this warranty null and void
- GRB reserves the right to verify the proper installation of the material in question
- All parts must be returned prepaid to GRB

# LEGAL NOTICE

## *Force Majeure*

GRB, our employees and/or agents take no responsibility for loss or damage occasioned by delay in delivery or inability to deliver, whether these events are caused by us, or arising from circumstances beyond our control such as acts of God, fire, accidents, strike, lockouts and/or any other similar causes.

## **Disclaimer**

We've taken the greatest care to insure the accuracy of the information contained in this catalog but **GRB** will not accept liability for any errors or omissions. Products presented in this catalog are not necessarily available from stock. Please contact **GRB**'s sales representative for availability. The structure and technical data shown in this catalog are those being used at the time of publication and **GRB** reserves the right to make changes without notice. The information listed in this catalog is for reference only. Rest assured that any comment and suggestion will be considered with great care.

**Some sizes may not be available at the time of your order or might require a minimum quantity.  
Please check with your representative before making a definitive selection.**

## **Other products available**

- Ball Bearings, Metric & Inch Sizes
- Spherical Plain Bearings
- Rod Ends
- Needle Bearings
- Roller Bearings
- Cam Followers
- Tapered Roller Bearings
- Thrust Bearings
- Pillow Blocks & Inserts
- Conveyor Bearings

And more!

Visit our website **www.GRBbearings.com** for up to date information.

GE ... ET are made of carbon chromium steel, fractured, hardened and phosphated, with a sliding surface of PTFE fabric.  
The inner rings are made of carbon chromium steel and hardened. The sliding surface is treated with chromium plating.  
The 2RS design has seals at both sides.

For left-hand thread suffix "L" is added to bearings number e.g. SILZJ12.

Also available with grease fitting, add letter "G" at the end e.g. SIZJ19G.
